How to claim your benefits

For many services you can claim electronically 'on the spot' using your membership card. This means your benefits are paid to the health care provider immediately and you only pay the difference. If your health care provider does not have electronic claiming available, you can claim online or via post. To claim online through acahealth.com.au, login through 'Member login' and follow the prompts on the 'Make a Claim' page to upload your invoice and submit the claim. To claim via post, return a completed and signed claim form with the original invoices. You can download and print a claim form from our website. Our claims assessor will assess your claim and pay the benefits within 3-5 working days of receiving your claim. If you have not yet paid the provider for the service, a cheque will be made payable to them and you will need to present it to the provider with the gap payment.
